

Who Should Attend?

Operators and persons responsible for the maintenance and upkeep of Gema electrostatic powder coating manual systems will benefit from this course. Companies that want their employees to learn proper and efficient manual application techniques, as well as troubleshooting and maintenance skills, should attend.

Our Teaching Philosophy

Attendees will learn how the equipment is designed to work, then how to use and maintain it. This class consists of a lecture and hands-on applications work in our lab.

Refund Policy

If you cannot attend a training class for which you are registered and you notify Gema at (800) 628-0648 at least 72 hours prior to the start of the class: Someone else from your organization may attend or you will receive a training credit to be used for a future class. In the event that Gema cancels a class, a full refund will be issued or registration for a future class can be requested. Gema shall not be responsible for any other loss incurred by the customer as a result of a cancellation or reschedule of classes. For more information visit www.gematraining.com.

How to Register

Register online at www.gematraining.com or complete the attached registration form and return it to Gema with your payment. Classroom and lab space is limited, so send in your registration today!

For questions, please contact **James Jones** at jjones@gema.us.com or **1-800-628-0648**.
